

### **Friends of Torquay United Women FC - £100.00**

Friends of Torquay United Women FC is a new membership scheme for supporters of the Football club to come together and support the Women's team into the 22-23 season.

Friends will receive a listing on the TUWFC website, certificates acknowledging their support and two tickets for a TUAFC league match at Plainmoor in the Family Stand

In addition to this, there will be plenty more benefits throughout the course of the season including monthly prize draws and the opportunity for Friends to meet their favourite Women's player, and even player sponsorship opportunities for the season.

These are valuable opportunities to bring supporters even closer to the women's game and their own team. With our social media following continuing to grow following last season's success, we are looking forward to making the most of the Yellow Army's support, and bring them even closer to the side next term.

### **Player sponsorship - £250**

By sponsoring a Torquay United Women FC player for 2022/23 season, your contribution will cover all aspects of the player's essential outgoings for the season, including insurance, registration fees and personal match wear items.

In return for your support, you will receive free entry to all of Torquay United Women FC's home fixtures throughout the season at our new home ground, Cocah Road, home of the Devon FA.

You will also receive significant social media & website coverage along with a photograph with your chosen sponsored player. As an additional thank you, you will receive a signed TUAFC gift at the end of the season, presented at the our exclusive end of season event.
